## Two Steps to Solve!

Date:.....

Direction: Read the word problem carefully.  
Solve it in two steps. Write your final answer in the box

Noah read **15** pages in the morning. He read **28** more pages in the afternoon, then forgot **5** pages and had to reread them.

**How many new pages did he read in total?**

Bianca had **70** beads. She used **20** to make a bracelet and then bought **15** more beads.

**How many beads does Sofia have now?**
