THANKSGIVING CARD

DIRECTIONS: Create and design your own Thanksgiving card. Cut out the part with the broken lines and fold the full line.

A large rectangular area with a dashed border, intended for drawing and coloring. It features a central decorative frame with a scalloped edge. Inside this frame, the words "THANK YOU!" are written in large, bold, outlined letters. Below the text are three heart shapes and two leaf shapes, all in outline form. The right side of the card is a separate section with a solid border and a scalloped edge, containing a row of leaf icons at the top and bottom. The main body of this section is ruled with horizontal lines for writing.

Dear _____,

Thank you for _____
